

## Summit Trailer Manufacturing Limited Trailer Warranty

Thank you for purchasing a Summit trailer. We are committed to providing you with the best trailer possible. Our warranty differs between models and is limited to the original retail purchaser and is non-transferable.

For Cascade and Denali Pro models the warranty is for the life of the trailer. For our Alpine series it is for 3 years from the day of purchase from the dealer. This warranty covers all manufacturer defects in workmanship. We will repair or replace (at our discretion) defective parts or components.

All Summit Trailers have been designed to safely carry a load not to exceed the GVW of the trailer. Any load placed on the trailer that causes the GVW to be exceeded immediately voids all warranties both from Summit and any installed components. Furthermore, the rated GVW is based on the load being applied to the entire surface area of the trailer. Damage caused by loading in a way that concentrates the weight in an area less than 60% of the surface area will not be covered under this warranty. When loading heavy, compact equipment using ramps it is required to support the end of the trailer to avoid most of the weight being applied to only the end of the trailer.

Wheels, tires and axles (and their components) are warranted by their specific manufacturer. Summit Trailer Mfg. is not liable for damage caused by collision, alterations, abuse, misuse, or any use for which they are not intended. Promises made by others, beyond this warranty shall not be covered under this warranty. Paint, wood and wiring are not covered under any warranty.

Incidental or consequential damages are not covered under this warranty. This may include, but is not limited to, expenses for transport, lodging, loss of or damage of property, loss of income, or inconvenience.

If warranty service is required, you *must* notify the Summit Trailer Mfg as soon as possible. Summit Trailer Mfg. and the dealer will work together to get the warranty claim resolved. No repair, alteration or modification can be made without prior authorization by Summit Trailer Mfg. We shall direct you to the closest service center for repairs. Transport to the service center is your responsibility.

Summit Trailer Mfg. takes pride in the trailers we produce. If you need help or information, please contact us at (971) 279-2006 or email us at [sales@summittraileremfg.com](mailto:sales@summittraileremfg.com).
